General Textile Subjects

American and English Costs of Worsteds 653
American Cotton Manufacturers' Association. The Richmond Meeting of the 207, 304
American Woolen and Worsted Manufacturers' Association 207, 310
Angora Yarn 371
Anthrax in Felt Mills 445
Army Goods 543
Artificial Horsehair 239
Artificial Illumination in Cotton Mills 104
Artificial Tulle 223
Australian Methods of Conducting the Wool Trade 549
Baling of Wool. The 544
"Balloon" Yarn 138
Barcelona Cotton Congress. The 351
Belgium System of Wool Carding 682
Bids for Carded Woolen Goods for the Army 545
Boiling off Spun Silk 479
Bradford Numbers for Tops 141
Branding Horse Blankets 681
British Cotton 301
British Weights and Measures 444
Buying of Raw Material. Efficient 102
Camel Hair 71
Cancellation of Orders. Arbitration on 113
Carding. Split Laps in 713
Carpets and Rugs 203
Census of Woolen and Worsted Goods. The 67
Classing in Australia. Wool 78
Cloth Analysis 680
Cloth Crocking 364, 580
Combing Brushes 243
Compulsory Working of Patents. The 70
Concrete Construction for Textile Mills. The Practical Use of 218, 453
Cooperation Between Departments of the Federal Government and Textile Manufacturers 118
Costs of Worsteds. Comparative 444
Cotton Bills of Lading 546
Cotton Carry Disease Germs? Does 203
Cotton Exchange? What is a 425
Cotton Ginning Industry the World Over. The Present Status of the 435
Cotton Goods Export Association. The Importance of a 432
Cotton Industry Has Safeguarded its Employes. How the 123
Cotton in the Hawaiian Islands. The Production of 112
Cotton Picker from Personal Investigation. The Price-Campbell 419
Cotton Picker. The Price-Campbell 136
Crossed Warp Effects 221
Dependable Power in the Largest Worsted Mill in the World. (General Electric Co.) 714
Detection of Cotton and Linen 682

Difficulties in a Finishing Room. How I Overcame Some 451
Dinner to William Whitman. Testimonial 136, 211
Draft Proportions 280
Dunean Mills. The New 558
Dustless Dusters 360
Duty on Silk Noils. The 645
Easiest Way. The 71
Efficiency and Scientific Management 420
Efficiency or Scientific Management 75, 238, 476, 556
Electric Power in Manufacturing 317
Engine Speed Regulation in Textile Mills 95
Engine Waste Manufacturing in Europe 354
English Spinners as American Planters 442
English Spinners to Grow Cotton 303
Evener Motion. An 578, 680
Excess Tare and Cotton Warehousing 423
Experts to Report on Trade Conditions Abroad. Cotton 69
Fall River Centennial. The 449
Fine Cotton Spinners' and Doublers' Association 555
French and Bradford System of Yarn Spinning 247
French Worsted Spinning 83, 357, 466
German Cotton Weavers for a Tariff Organization 77
Gin Compression of Cotton 430
Government Regulation of Mill Buildings 644
Hemp in the Philippines. Knotted 560
How it Works 68
Increase of Our Piece Goods' Trade in China. Suggestions as to the 417
Indian Cotton Industry. The 442
Industrial and Educational Exposition. An .. 655
Invisible Supply of Cotton. The 202
"Intrinsic Difference" in Cotton Grades. The 442
Italian Cotton Industry. Crisis in the 303
Kapok. A New Use for 204
Kapok. Cultivation of 545
Lace Yarn 585
Matt Weaves 363
Merino Yarns. The Making of 456
Middle States Textile Association 558
Mill Organization 230, 473
Mitcheline and Satin Quilting 226
Mixing Glue and Varnish 583
National Association of Cotton Manufacturers 97, 654
National Association of Manufacturers 206
Overseers 348
National Bureau of Standards and Cotton Yarn Counts 646
National Association of Woolen and Worsted
New York Cotton Exchange 73
Noils. The Price of 679
Oiling Yarn 369
Operatives Needed for a Ten-Set Mill 241
Operatives Needed in a Card Room 246, 481
Organized Short Time 205
Outlets and Inlets. Cotton 302
Overseer's Position. That First 561, 657
Paper Twine for Tying Wool 177, 232
Pollution of Streams by Manufacturing Wastes. The 311
Power from Producer Gas 128
Preliminary Reports of the Census 201
Profits in a Cotton Mill. Lighting the Way to 438
"Pure" Textile Law. A 201, 301
Regain in Cotton and Worsted. The Laws of 125
Reports for a Cotton Yarn Mill. Monthly ... 680
Revision of the Cotton Schedule 546
Revision of Schedule K 445
Rollers and Roller Covering for Drawing Worsted 93
Rolls on Spinning Frames 246
Scientific Efficiency. A Consideration of Certain Limitations of 115
Short Time in Cotton Mills 411
Short Time in Lancashire 544
Shuttle. An Improved 233
Size of Grain Bags. Calculating the 684
Southern New England Textile Club 351
Specks in Cotton Yarn 248, 485
Stitched Double Fabrics 87
Stripping Hemp by Machine in the Philippines 202
Suggestions for the Textile Schools 483
Tariff Situation. The 543
Technical Education 130
Tenderness in Worsted Linings 356
Tests of Wood Preservative 89
Textile Arithmetic. A Talk on 668
Textile Designing. Originality in 315
Textile Power Plant Development in New England 516
Textile Trust in Russia 204
Textile Show in New York this Summer 75
Tinsel Yarn. Machinery for 142
Trade with the Philippines. Our Cotton Goods 646
Transferring Commission Accounts. Charges for 136
Trial Balance for a Textile Mill. Comparative 80, 227
Trouble in a Woolen Weave Room. How I Stopped Some 214, 353

Varnish from Cotton Threads. Removing ... 584
Washing and Drying Worsted Tops 234
Waste in the Card Room 365
Wasted Humidity 618
Water for Industrial Purposes. Cheap 559
Weave Shed. A Model 277
Weaves. A Hand Book of 461, 563, 659
Weaving Turkish Towels 481
Weaving Mill. A Silk 228
Why Silks are Weighted 217
Wool and Wool Goods. Imports of 204
Wool Dealer's Trip through the Southwest .. 648
Wool Goods for Enlisted Men 299
Wool Growing Industry? What is the Matter with our 672
Wool Markets 70
Woolen Blanket Mill. A 576
Workmen's Compensation Act. Massachusetts 643
Worsted and Serge Cloth 460

Dyeing, Bleaching and Finishing

Action of Light Upon Dyed Shades. Testing the 158, 384, 504
Bleaching and Dyeing of Cotton Hosiery 601
Bleaching Cotton Knit Goods 691
Bleaching Knit Goods 141
Black on Ostrich Feathers 267
Bleaching Ramie Yarn 581
Bleaching Worsted Yarns in the Klauder-Weldon Machine 246
Carbonizing Pieces 664
Caustic Soda 679
Cloth Finishing 264
Cost of Sizing Materials 386
Cotton Bleaching. Improvements in 699
Detection of Dyed Blacks Upon Cotton Fabrics 382
Determining Whether Cotton Has been Dyed with a Developed Black 260
Dyeing Hosiery 486
Faults and Defects in Cloth Finishing 155
Finishing Crochet Thread 681
Finishing Sewing Thread 139
Finishing Tracing Cloth 244, 486
Hosiery. The Dyeing of 315
Increasing Weight by Sizing 482
Indigo Dyeing Machine for Piece Goods. An (L. H. A. Schwartz & Co.) 501
Jet Black on Hosiery 485
Light Shades on Hosiery. Dyeing 698
Mercerized Yarns. Treatment of 137
Practical Dyeing 502, 600, 696
Printed Hosiery 683
Rainproofing 721
Rotary Dyeing Machine. A 156
Spot Proofing 585
Substantive Dyes on Cotton. The After Treatment of 498, 596
Tests for Fabrics. Special 153
Tests for Woolen Khaki 263
Testing Textile Fabrics 370
Textile Mill Soaps 695
Valuation of Dyers' Materials 265, 383
Waterproofing Braided Cord 137
Water for Bleaching Cotton Knit Goods 586
Weighting Cotton Yarn 368
Wet Finishing. Important Points in 701

Knitting

Analysis of Knitted Fabrics 589
Attachment for Circular Knitting Machines. An 591
Applying Trade-Mark Stamps to Hosiery 492
Carriers on a Knitting Machine 256
Changing Needles in the Cylinder 692
Circular Knitting Machine 255
Cost of Knit Goods. Estimating the 374, 489
Depreciation of Machinery in Knitting Mills 592
Dogless Attachment for Ribbers. A New (Wildman Mfg. Co.) 491
Elastic Stitch Button Sewing Machine 377
Finishing Silk Neckties. Machine for (John Eppler's Machine Works) 148
Flat Rib Frame. The Lieberknecht 378
Full Fashioned Knitting 251
Hosiery. Dyeing of 325
Knit Goods Manufacturers' Association of New York 347
Knitted Fabric. A 496
Management of Help in a Knitting Mill 693
Marking Machine. A (J. A. Firsching) 493
Marking Yarn on Cones and Cops 147
Mercerizing Fashioned Knit Goods on Forms 254
National Association of Hosiery and Underwear Manufacturers 208, 319
Neckties. Knitted 145

Number of Knitting Mills 371
Open-Work Device for Knitting Machines ... 494
Philadelphia Exhibition of Knitting Machines 329
Pressing, Finishing and Boxing of Knitted Neckties. The 689
Prices Paid for Knitting Hosiery 484
Prices Paid for Topping and Looping 484
Scrooping of Mercerized Hosiery 245, 483
Sizes of Men's Union Suits 138
Soap for Knit Goods 585
Stop Motion for Knitting Machines. A 594
Temperature for Drying Hosiery 481
Tracing Knit Goods through the Dyehouse and Finishing Rooms 687
Trade with Chemnitz. Our 253
Two-Thread Knit Underwear 370
Two-Thread Looper. The Hepworth (John W. Hepworth & Co.) 149

New Machinery

Acme System of Purifying, Cooling and Moistening Air (Thomas & Smith) 166
Bleeder Turbine. Automatic (Westinghouse Machine Co.) 710
Bobbin Winder. Automatic Double Head (F. A. Lazenby & Co.) 170
Calculating Machine for Textile Mills. A (Alfred Suter) 169
Carding Device. Patent Duplex (Howard & Bullough American Machine Co.) 613
Centrifugal Pumps (Goulds Mfg. Co.) 712
Cloth Testing Machine. An Improved (Henry L. Scott & Co.) 707
Cloth Winder. A Boardless (Boardless Cloth Winding Co.) 272
Dogless Attachment for Ribbers (Wildman Mfg. Co.) 491
Drawing Frame. An Improved (Woonsocket Machine & Press Co.) 164
Dust Remover for Cotton Cards. Portable (William Firth Co.) 616
Elastic Stitch Button Sewing Machine (Union Button Sewing Co.) 377
Electric Power for Textile Mills (Mechanical Appliance Co.) 711
Escalator in the Textile Mill. The (Otis Elevator Co.) 273
Feed Water Heater and Purifier (The Organ) 393
Feralun. A New Product 400
Fiber Head Spool. Interchangeable (United States Fiber Products Co.) 271
Finishing Silk Neckties. Machine for (John Eppler's Machine Works) 148
Fire Protection (Goulds Mfg. Co.) 516
Geared Swift. The Atwood (Atwood Machine Co.) 391
Hangers in Textile Mills. Ball Bearing (Hess-Bright Mfg. Co.) 397
Hydro-Extractors. Methods of Operating (Westinghouse Electric & Mfg. Co.) 719
Indigo Dyeing Machine for Piece Goods (L. H. A. Schwartz & Co.) 501
Kaumagraph Trade Marking Attachment (Parks & Woolson Mch. Co.) 394
Lacing Belts. Machine for (Birdsboro Steel Foundry & Machine Co.) 167
Oil Break Switch. A New Type of (General Electric Co.) 403
Pasting Machine. The Universal (Willcox Manufacturing Co.) 168
Power Distribution in Spinning Frames (Westinghouse Electric & Mfg. Co.) 173
Reducing Line Shaft Friction. A New Method of (Kinkead Mfg. Co.) 171
Revolving Flat Carding Machine. An Improved (Potter & Johnston Machine Co.) 509
Roller Attachment for Revolving Flat Cards. Fancy (Saco-Pettee Co.) 618
Shoddy Picker. The Latest (C. S. Dodge) .. 709
Sizing and Hot Air Drying Machine for Cotton and Worsted Warps (Alfred Suter) .. 512
Spool and Bobbin Disc Cutting and Boring Machine (Defiance Machine Works) 271
Spool Head Gluing Press. An Improved (Defiance Machine Works) 708
Steel Beams and Spools (Frank Mossberg Co.) 392
Tentering Machine. A New (John J. Hoey) 614
Transfer Iron for Applying Transfer Stamps in Marking Textiles (H. A. Meyercord).. 165
Two-Thread Looper. The Hepworth (John W. Hepworth) 149
Vacuum Cleaning System Successfully Applied to Textile Mill Use (G. M. Parks Co.) ... 609
Variable Speed Transmission. Tests of the Reeves' (Reeves Pulley Co.) 519
Ventilating System. The Autoforce (The Autoforce Ventilating Co.) 512
Warp Slasher. New (Alfred Suter) 393
Waste Heat in Textile Mills. The Utilization of (Benj. F. Kelley & Son) 398
Watchman's Clock. The "Chicago" (Watchman's Clock & Supply Co.) 514
Yarn Tester. Automatic Power (Henry L. Scott & Co.) 396
